LEED Statement

Dear Customers,

The Stainless Steel tubes and pipes manufactured by Stalatube Oy have the following recycled content based on information given by our main raw material suppliers.

Recycled content: 88 - 91% (% by Total Weight)

Pre-Consumer recycled content: 51 - 53% (% by Total Weight)

Post- Consumer recycled content: 37 – 53%% (% by Total Weight)

Post-Consumer recycled content + ½ Pre-consumer recycled content: 62 - 79% (% by Total Weight)

Please contact us if you need further assistance.
